

Specialized Equipment

State-of-the-Art Laboratories

Standard Equipment

Analytical Capabilities

- Ion Chromatograph
- Total and Dissolved Suspended Solids
- Total coliforms and microbial contaminants in water
- Digital microscopy with phase contrast
- Particle counter
- UV/Vis Spectrophotometer
- Turbidity Meter
- Handheld colorimeters

Coming in 2024!

- Ion combustion chromatograph
- LC/MS/MS
- GC/MS
- ICP/MS

THE PLACE TO BE FOR WATER R&D

Lab Space at The Water Tower

Network of Expertise

The Water Tower's ecosystem of innovation includes world renowned water experts from universities, utilities, consulting and engineering firms, and other organizations, in addition to in-house expertise of our TWT staff.

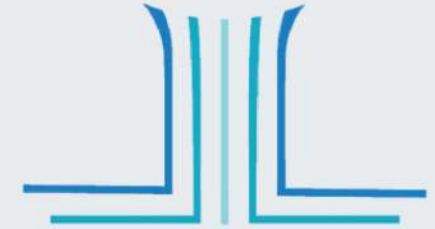

Resources to Support Your Work

In addition to our three laboratories, our campus offers access to real water quality flows from nearby F. Wayne Hill Water Resources Center, touchdown workstations, full size cold room, glassware sterilization, conference rooms, and more to ensure you have the equipment you need to conduct your R&D efforts

INNOVATE AND ELEVATE

Pricing and Benefits

	Number Available	1 month
Lab Bench Rental	12	\$2,000*

Equipment:

- Fume hoods
- Glassware
- Ultrapure Deo-Ionized Water
- Balance and microbalance
- pH/DO meters
- Jar Tester
- Full size cold room
- Microscopes
- And more...

**Does not include analytical testing - contact TWT for pricing*

Lab Membership Amenities Include:

- 24/7 Access to facility
- Company logo on digital signage in lobby
- One hour per week consulting with water, wastewater, reuse, or stormwater SME (by appointment)
